18 State of California Citation Appeals Process
This guide is designed to help you better navigate the parking system at the University of California, Irvine (UCI). UCI Transportation has established parking rules and regulations that are intended to enhance your safety, eliminate confusion while traveling or parking on campus, and help you find the best way to deal with a parking citation.

UCI Transportation continually strives to operate a parking system that is open, transparent, and accessible. If you receive a citation, you have rights to an appeal. Our Adjudication Division will work with you to ensure that all citations are issued and resolved in an impartial and timely manner. Our staff will answer your questions, listen to your concerns, and help ensure that the parking citation was appropriately issued.

We want to make sure you are aware of the parking rules and regulations on this campus and that the correct amount is paid within an appropriate time frame. At the end of the process, we want you to know that you were treated fairly.

The information available in this guide will help you decide if your citation can be successfully challenged. It also provides information to help you make the best case possible. You can review common defenses to most violations and determine what evidence is needed in support of your case. You may also better understand how the Adjudication Division arrives at their decisions.

We hope you find this guide informative and helpful. Additional information may be found on the UCI Transportation website at www.parking.uci.edu.
10 WAYS TO AVOID GETTING A CITATION

1) Vehicle must display a valid permit, or a permit must be active with a registered vehicle prior to parking on campus.
   • Parking is enforced on campus 24 hours a day, 7 days a week.
   • Do not alter or duplicate your parking permit.

2) Be sure you properly display or activate your UC Irvine parking permit.
   • Student and staff permits will be valid upon successful vehicle registration in myCommute.
   • Visitor permits must be placed face up on the driver’s side dashboard.

3) Pay close attention to signs, curb colors and lot designations when parking your car.
   • Only park your vehicle in a space or lot in the zone designated for your parking permit.
   • Do not leave your car unattended next to curbs that are red, yellow, or green.
   • The absence of signage does not imply permission to park.

4) Park only in marked parking stalls in designated parking areas.
   • Do not park in areas prohibited by signs.
   • Do not block traffic lanes, bus stops, loading zones, fire lanes, or adjoining stalls.
   • Do not park on grass or dirt areas of the campus.

5) Be aware of handicap accessible (ADA) spaces (those designated as parking for disabled individuals).
   • Never park in ADA spaces without a state-issued ADA permit and a UC Irvine parking permit.
   • Do not block or park in the blue and/or white crosshatch access aisles associated with ADA spaces.

6) If your vehicle breaks down on campus roadways and cannot be moved immediately, promptly contact UCI Transportation at 949-824-3881 or UCI Police at 949-824-5223 for assistance.
   • Do not block traffic lanes, bus stops, loading zones, and fire lanes.

7) If you get a parking citation, DO NOT IGNORE IT.
   • Having multiple citations (3 or more citations from UCI and other California agencies) will result in additional fees, vehicle immobilization, towing and/or impounding.

8) If you allow others to drive your vehicle, make sure they know UCI’s parking rules and regulations.
   • Permits are not transferable.
   • Per state law, you will be held responsible for any citations issued to your vehicle, whether you were driving it or not.

9) If you need to leave your vehicle on campus overnight, be sure to fill out an Overnight Vehicle Request Form, available on the UCI Transportation website (www.parking.uci.edu/forms/overnightparking).
   • The form must be submitted at least 24 hours prior to the requested time frame.

10) If you are in doubt about a parking zone or regulation, please contact UCI Transportation at 949-824-3881.
    • Not knowing UCI Parking rules and regulation is not a valid defense for a citation.
If you receive a parking citation at UCI, you have a couple of ways to handle it:

**1. APPEAL IT**

If you believe your citation was issued unfairly, you have the right to appeal it. Appealing your citation could result in a fee reduction or the complete dismissal of your citation. Per state law, citations must be appealed within 21 days of issuance.

**By submitting the citation appeal, you certify that you are the registered owner of the vehicle or the vehicle operator at the time of citation issuance.**

**2. PAY IT**

If you elect to pay your parking citation, payment should be submitted within 21 days of issuance to avoid the late penalty. There are three payment options available to you:

A) **Pay online** at www.parking.uci.edu/citations/citepay/

B) **Pay by mail**
   When paying a citation by mail, please enclose the citation and a personal check, money order, or cashier’s check. Do not send cash. Make checks payable to “UC REGENTS” and send payment to UCI Transportation and Distribution Services, 200 Public Services Building, Irvine, CA 92697-4525.

C) **Pay in person**
   Citations may be paid in person at the UCI Transportation Office. Office hours are Monday through Friday between 7:30 a.m. and 4:00 p.m. Cash, check, Visa, or MasterCard are acceptable forms of payment. Coins and AT dollars will not be accepted for payment.

**WHAT HAPPENS WHEN YOU IGNORE A CITATION**

This option is not recommended. If you ignore or do not respond to your citation or subsequent notifications from UCI Transportation, the following will happen:

- The amount of the fine will increase.
- Eventually, the state of California will place a hold on your vehicle registration and you will not be able to renew it until all fines are resolved.
- If you have more than 2 unresolved citations, your vehicle may be immobilized or towed and cannot be returned to you until the fines have been paid.
IF YOU DECIDE TO APPEAL YOUR CITATION

To appeal your citation, log onto the UCI Transportation and Distribution Services website www.parking.uci.edu and select Citations from the top ribbon:

Select Appeal Citation from the left-hand column or from the selection of buttons on the bottom of the page.
IF YOU DECIDE TO APPEAL YOUR CITATION

Select **Request Citation Appeal**.

Access your citation by entering 1. the citation number (or) 2. your license plate number (or) 3. your full Vehicle Identification Number (VIN).
The citation number, violation description, due date, and amount due will be listed. Fill in the requested identification information, your reason for appealing the citation (a maximum of 1000 characters), and click on Submit Citation Appeal at the bottom of the page. You will receive notification of the adjudication of your appeal within 15 days.
IF YOU DECIDE TO APPEAL YOUR CITATION

Receive an email confirmation of your appeal.

Next time you get a citation, remember this website: www.parking.uci.edu/Citations/paymentProcedure.cfm.
Section 21113a of the California Vehicle Code authorizes the University of California to issue parking citations and to establish penalty amounts. Using the possible defenses below does not guarantee a dismissal of any violation.

### FREQUENTLY USED EXCUSES

These are NOT acceptable defenses:

- “I was late to class/meeting.”
- “But I had my flashers on!”
- “My friend told me it was okay to park there.”
- “But I was only parked there for 5 minutes.”
- “I didn’t see the painted curb or posted sign.”
- “I parked there before and didn’t get a citation.”
- “I thought it was a parking space.”
- “I can’t afford to pay the fine.”
GENERAL DEFENSES FOR VIOLATIONS

Using the defenses listed below does not guarantee a dismissal of any citation.

**Medical Emergency**
I was involved in an unexpected medical emergency affecting myself or someone else. You may submit hospital or emergency clinic admission paperwork as a defense.

**Unaware of Parking Regulations**
The best evidence to support this is proof that you are a first-time visitor that is not affiliated with the university and do not have any prior citations. Evidence could include proof of attendance at an on-campus event or identification that shows you are from out of town.

**Disabled Vehicle**
The best evidence to support that the vehicle became unexpectedly disabled is documentation indicating that the vehicle was quickly removed (usually towed) from the location, and the bills/receipts showing the nature of the repairs to the vehicle.

**My Disabled Placard Was in my Vehicle But Not Visible**
You may submit appropriate identification that shows you are the valid disabled placard holder.

**My Permit Was in the Vehicle But Not Visible**
You may submit proof of ownership of a valid permit, including a payment receipt.

**Lost/Stolen Plates and/or Registration Items**
If you are claiming that the vehicle that received the citation is not your vehicle, but another car with your stolen plate(s) attached, submit this information with an explanation including any photographs. You should also include the police report stating that these items were stolen.

**Stolen Vehicle**
You may submit a copy of the police report (of theft and/or recovery) and a statement from your insurance company saying that the vehicle was deleted from your insurance policy.

**Sold/Transferred Vehicle**
You may submit a copy of any transfer paperwork (donation, receipt, trade-in statement, bill of sale, etc.), a statement from your insurance company saying that the vehicle was deleted from your insurance policy, and DMV receipt for plates or transfer of plates.
SPECIAL ENFORCEMENT AREAS

When parking at UCI, it is important to be familiar with the parking regulations for different areas on campus. Several organizations and facilities located on the UCI campus have their own dedicated parking lots and/or stalls that are regulated at the organization’s discretion, including Student Housing, the Newkirk Alumni Center, Outpatient Medical Facilities, various UCI Academic Schools, and several auxiliary support organizations, including the University Club, American Red Cross, Montessori School, Early Childhood Education Center, Infant Toddler Center, and the Showa Denko Research and Development building.

Newkirk Alumni Center

When visiting the Newkirk Alumni Center, be sure to park in Lot 14 in one of the stalls with a UCI Alumni Visitor Parking sign. UCI’s visitor parking system is both simple and convenient when you follow these guidelines:

1. Park in one of the sequentially numbered parking stalls and remember your stall number.
2. Enter the building and provide your name, parking space number, and vehicle information to the receptionist (if the front desk is not staffed, enter that information on the visitor sign-in sheet).
3. Be aware of the posted time limit.

The information you provide to the receptionist is logged into a computer system that authorizes the use of the stall.

Department Specialty Parking

Some UCI departments (Paul Merage School of Business, Calit2, School of Social Sciences, School of Biological Sciences, Information Computer Sciences, Department of Intercollegiate Athletics, and Campus Administration) have specific parking stalls on campus that require department approval. These stalls are used at the discretion of the department and are strictly enforced.

Looking to make parking at UCI more convenient and accessible, UCI Transportation developed ParkbyPlate, a permitless parking system that allows you to conveniently use your computer or smartphone to pre-purchase parking permits for special on-campus events, extend short-term parking, and more. With ParkbyPlate, your license plate becomes your permit.
Campus Housing

If you are a resident or guest at certain campus housing communities, your vehicle’s license plate number serves as your parking permit. UCI’s Parking Enforcement Representatives utilize a simple and efficient system known as LPR (License Plate Recognition) to electronically scan the license plates of parked vehicles for parking enforcement in the following campus housing areas:

• Vista del Campo
• Vista del Campo Norte
• Camino del Sol
• Puerta del Sol
• Verano Place
• Palo Verde
• Plaza Verde
• University Hills (ICHA)

In order to avoid receiving a citation, residents in these housing communities must register their license plate number or their guest’s license plate number on UCI’s Virtual Permit Management System (VPMS) website: www.parking.uci.edu/permitless/login.cfm.

It’s important that the license plate is registered correctly into the system. If not, LPR will not recognize the validity of your registration for a virtual parking permit. For example, the number “zero” (0) must be entered as such. Using the capital letter “O” for “zero” (0) will cause the plate to be misread and may result in a citation.

Please keep in mind that all license plates numbers must be visible and unobstructed.

Outpatient Medical Facilities

If you have an appointment at one of the many medical facilities on UCI’s campus, simply park in a stall with a Patient Parking sign and follow the aforementioned visitor parking directions (see details under Newkirk Alumni Center). Patient parking stalls are available for the following medical buildings (in their adjacent lots):

• UCI Health Gottschalk Medical Plaza (Lot 80)
• Hewitt Research Hall (Lot 83)
• Beckman Laser Institute (Lot 84)
• Student Health Center (Lot 19A)
UCI Transportation strives to provide campus affiliates and visitors with a safe, convenient, and positive parking experience.

Should you receive a parking citation, always handle it in a prompt and responsible manner. UCI has the right to impound or immobilize (i.e. “boot”) any vehicle that is in violation of the established parking regulations at the registered owner’s expense.

The following are some of the violations that could result in your vehicle being immobilized or impounded:

- Having five or more delinquent parking violations from any agency in the State
- Having three or more delinquent University of California parking violations
- Displaying an altered, stolen, counterfeit, or unauthorized permit
- Parking in tow away zones, such as disabled or reserved parking areas, without the proper permit
- Parking in emergency or fire access lanes
- Vehicles that have expired registrations in excess of six months
- Abandoned vehicles
- Parking on any surface that is not specifically marked for legal parking of motor vehicles (i.e. lawns, sidewalks, unmarked curbs, bikeways, plazas, and roadways)

UCI housing community residents, especially those who don’t use their vehicles on a daily basis, should keep an eye out for any posted signage regarding lot closures and repairs, and relocate their vehicles accordingly.

Also, all UCI affiliates should pay close attention to any community notifications or campus ZotMails regarding parking and roadway maintenance, as well as community-wide events which could require your vehicles be moved elsewhere.

If your car is booted, contact UCI Transportation Services (949-824-3881) immediately. In order to get a boot removed, all citations, fines, and boot fees must be paid by 4:00 p.m. on the date of impoundment. Once payment is accepted, the boot will be removed. If no arrangements are made to have the immobilizer (boot) removed, it will result in the vehicle being commercially towed, resulting in additional towing and/or storage fees.

If your car is towed, contact UCI Transportation Services (949-824-3881) to resolve all citations, fines and fees. You must also provide proof of identity and proof of current vehicle registration. UCI Transportation Services will then arrange for the vehicle to be released. You will be responsible for paying the towing and storage fees.
