Top Stories
UCI Transportation is working with UCI Housing and OIT to adopt a new naming convention within our systems in order to recognize communities that were previously served by Anteater Express. Are you living in Park West Apartment Homes, Toscana Apartments, Villa Siena, or other off-campus housing communities? 

In a continued effort to advance inclusive excellence, UCI Transportation and Distribution Services resources to support our campus community as the University of California works to implement the presidential policy regarding the use of preferred/lived names across all university-issued documents by December 2023.

When you sign up for the MyUCI newsletter, you will receive the most current campus news and information directly to your inbox.
